

## EQUINE CLINICS I

**Study Programme:** MIMV    **Curricular Year:** 5<sup>st</sup>    **Semester:** 9<sup>st</sup>    **Compulsory**    **Credits:** 2.0 ECTS

**Lecturer(s):** José Paulo Sales Luis (CCP), Paula Tilley (R), Rita Fonseca

**1. Contact hours:** Lectures: 13h Practical: 13h

### 2. Objectives:

Students must get skills in equine clinics in a systematic way through anamnesis, patient history, symptom evaluation and history registration. They must be able to select complementary information and exams in order to perform definitive diagnose. Communication skills with clients and medical staff are also requested.

### 3. Program:

The program includes subjects like physical exam, upper and lower respiratory pathology, gastroenterology, cardiology, urology, endocrinology, dermatology and neurology.

The equine clinical cases of the veterinary teaching hospital are included in the practical activity of the students.

### 4. Bibliography:

Corley, K. & Stephen, J. (2008). The equine hospital manual. 1st ed. Blackwell Publishing Ltd.
