OFFER DESCRIPTION

The Faculdade de Medicina Veterinária da Universidade de Lisboa (FMV-ULisboa) is calling for applications for a research Grant under the subject of the International project “ Activação via TLR2 para o desenvolvimento de melhores vacinas veterinárias PTDC/CVT-CVT/4599 /2021, financed by national funds (FCT/State Budget) for the development in Faculdade de Medicina Veterinária da Universidade de Lisboa (ULisboa) / CIISA

More Information

ADDITIONAL INFORMATION

Benefits

The Grant amount is defined as € 1 144,64, according as defined by FCT.I.P. (<https://www.fct.pt/apoios/bolsas/docs/RegulamentoBolsasFCT2019.pdf>) plus social and health insurance under the terms of Research Fellowship Statute, which will be paid monthly by bank transfer. The selected candidate will perform the duties of a fellow on a full-time basis under the terms of the Research Fellowship Statute.

Eligibility criteria

- MSc in Veterinarian Medicine or Veterinary Science or Veterinary studies

- Fluency in English.

see more in: <https://www.fmv.ulisboa.pt/pt>

Selection process

Selection and valuation methodology

Evaluation of candidates will be performed as following: first a global assessment the candidate CV will be performed taking into account the fulfillment of requirements of point 3; the 3 best classified candidates will then be selected for an interview that is worth 25% of the final classification.

Candidates will be ranked according to the classification scale from 0 to 20 values, as a result of the weighted arithmetic mean of the quantitative classifications obtained during the evaluation stage. In case of equality of classification, the tie-breaking criteria to be adopted is the valuation of the interview.

If requested, access to the jury's minutes will be granted to the candidates, which will contain the evaluation parameters and respective results of the evaluation of the CV, interview and final grade.
